## Chartwell Expands Slot Portfolio with NextGen Gaming

Chartwell Technology Inc.

TSX:CWH

**Calgary, Canada, June 9, 2011**, Chartwell Technology Inc. (“Chartwell” or the “Company”) (TSX: CWH), a leading provider of games, gaming systems and platform for the regulated online casino gaming industry, is pleased to announce that NextGen Gaming - the world's leading independent developer of online slot games for the international gambling industry, has signed a licensing agreement with Chartwell to supply its innovative slot content to the Company.

NextGen is an online industry veteran that focuses on exclusive and non-exclusive slot game development. They have over 300 catalogue games in inventory, consisting of well-known branded and non-branded titles from recognized land-based suppliers.

With NextGen's proven content, this agreement will enable Chartwell to offer even more in-demand slot games to its global customer base. In upcoming monthly game releases, the Company plans to deploy at least fourteen NextGen-developed games throughout the remainder of the year utilizing Chartwell's Rapid Game Deployment technology.

Chartwell has just released two 20-line NextGen slots: The popular Egyptian-themed Ramesses Riches has enticing free game features while Unicorn Legend lets players adjust their own game volatility through its trademarked *Select-a-Play*. Both games feature the rich graphics and engaging soundtracks that NextGen Gaming is known for. Chartwell clients can also look forward to these NextGen slots in the near future: Irish Eyes, Medusa, Crocopolis, 300 Shields and Cherry Blossoms.

Matt Davey, CEO, NextGen Gaming states, “We are excited to offer our market-leading slot content to Chartwell's network of major eGaming operators. Chartwell has the expertise, platform and commitment to customer service to ensure that both operators and players will enjoy this entertaining, fresh content.”

“We recognize that slots are a major growth area in our industry, so our continued strategy has been to help our customers retain and attract players by providing them with exciting and unbeatable online casino games,” notes Dave Acorn, Chartwell Chief Operating Officer. “Expanding our slots portfolio through third party licensing deals with companies like NextGen complements our ongoing in-house development and provides our customers plenty of options.”
